

Tells Her Experience To Benefit Others

MRS. DUNLAP SENDS A LETTER ADDRESSED TO THE READERS OF THE PAPER.

A sense of duty to others who might suffer as she had impelled Mrs. R. C. Dunlap of Dekalb, Mo., to send the following signed statement to the St. Joseph Mo., News Press:

"The readers of the News-Press, especially those suffering from gallstones, stomach trouble and appendicitis, will find in Pruitola and Traxo a permanent cure. After suffering for three years the most excruciating pain from gallstones I found this wonderful remedy and am now in perfect health and have been for almost four years. Never have any symptoms of my old trouble. I had been told by three doctors that nothing but an operation would save me. I know several who have undergone an operation but still have gallstones. This medicine is an oil which softens the liver. It can be bought at any drug store."

Pruitola is an intestinal lubricant that softens the congested masses, disintegrates the hardened particles that cause so much suffering, and expels the accumulation to the patient's relief. Traxo is a tonic-alterative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion, and removes bile from the general circulation.

Pruitola and Traxo are prepared in the Union Laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Pendleton they can be obtained at Tallman & Co., 612 Main street.

Could It Be La-la-ko-hats?

An Indian, giving the name of Chief Grey Wolf and claiming to be from the Chinilla reservation, was found in Chicago last week searching for a Spanish dancer who had promised to marry him. Investigation fails to reveal any Indian of such name on the agency books and we are wondering if Glen Hughes is in Chicago.

Why Take Another Team?

Jim Ester says the next time Bill Hoesch invites him to take an auto ride into the country he's going to hitch a team of mules on behind. "There's nothing like preparedness," says Jim.

We received a request last week to print an appreciation of the man who ate popcorn and peanuts at the Oregon theater while Anna-dale was singing "O Promise Me." We could do it but we fear the postal inspectors.

MANY KINDS OF RHEUMATISM, ONE SURE MODE OF TREATMENT

Whether your trouble is Sciatica, Lumbago or the dreaded Articular Rheumatism, the answer is the same. You must treat it through the blood. That is the only way to rid the system of uric acid, purify the blood and revitalize the nerves. If the blood is freed from impurities, Rheumatism must go. This, in short, is the knowledge gained by the laboratories of the S. S. S. Co. These tests have been made for fifty years. They know what Rheumatism is. They know that S. S. S. is the remarkable blood tonic, which they originated, will relieve you of Rheumatism. The recovery of thousands of sufferers by the use of S. S. S. is proof that you can be relieved. S. S. S. is a blood tonic—a purifier that restores the blood, and makes it pure as it was before it became poisoned with impurities. S. S. S. gives it strength to drive out these impurities—and with them the Rheumatism. Get S. S. S. at your druggist's. If you need special advice, write Swift Specific Co., Atlanta, Ga.

If We Had Any Proof That Ben Trombley Sent This In We'd Mark It (Paid Adv.)

Editor Bulldogger:
I notice that the county is thinking about voting a million dollars for good roads. Why not take that million dollars and buy a Ford for every family in the county? We wouldn't need good roads then.

Evils of Prohibition.

Dan Smythe had searched the streets in vain for a certain sheepherder. "Darn this prohibition law," he said peevishly. "You never now where to look for a man any more."

Another Map Changed.

Among the improvements of the past week in Pendleton might be mentioned the new-mows, upperlip of Rev. C. A. Hudshire. Though he and his moustache had long been mutually attached to each other, we congratulate him upon the result of the separation.

Another Wallingford story.

President Jack Robinson of the good roads association unconsciously injected some humor into his introduction of Rufus Holman, Portland's chief promoter of good roads, at the meeting last Monday night when he presented him as "J. Rufus Holman." We assume then that Mr. Rosenthal was Blackie Daw.

And Think of the Butterfreak Breakfast Foods.

The more we think of the Russians being proclaimed victors because they took Mash the more we are convinced that America, the home of Force, is not unprepared against any contingency.

In Pendleton, Too.

The way of the "ragger" is rough. For one Clarence Osborne was fined this week in the recorder's court at John Day a five spot for getting out of the conventional shape as he tripped the light fantastic. The authorities at John Day are sorely perplexed in their efforts to keep the young people from getting deformed while dancing—Blue Mountain Engle.

The Serpent's Trail.

We note that a couple of pedagogues are contemplating running for county office. Thus does politics creep into our very schools.

Gutter Parties.

There is one kind of a beer bust that the prohibition law not only permits but encourages. That's the kind the sheriff has been putting off down in front of Joe Parker's office.

-Has Used Chamberlain's Cough Remedy for 20 Years.

"Chamberlain's Cough Remedy has been used in my household for the past twenty years. I began giving it to my children when they were small. As a quick relief for croup, whooping cough, and ordinary colds, it has no equal. Being free from opium and other harmful drugs, I never felt afraid to give it to the children. I have recommended it to a large number of friends and neighbors, who have used it and speak highly of it," writes Mrs. Mary Minke, Shortsville, N. Y. Obtainable everywhere—Adv.

Folding Bed Kills Woman.

SAN FRANCISCO, Feb. 28.—Mrs. Ada Shain, wife of Samuel Shain, an attaché of the local bureau of weights and measures, was crushed to death in her apartment here when a folding bed to which she was sleeping suddenly closed up. The case is the first of its kind in years here.

WASHINGTON, Feb. 28.—The senate confirmed the nomination of Al. The Duke of Abruzzi commands in chief as solicitor of the interior department.

Do You Find Fault With Everybody?

An irritable, fault-finding disposition is often due to a disordered stomach. A man with good digestion is nearly always good natured. A great many have been permanently benefited by Chamberlain's Tablets after years of suffering. These tablets strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere.—Adv.

Marine Risks Advanced.

NEW YORK, Feb. 28.—There was another advance in Trans-Atlantic marine insurance rates, attributed to the recent cable reports of the renewed activity of German sea raiders near the Azores.

The rates were advanced from one percent to 1 1/2 percent. There was also an advance from 2 1/2 to 3 percent in South American rates. Rates from England to South America were reported to have risen to 3 percent.

MINERS WITH ASTHMA

are getting weaker every day, because tiny particles of dust that float through the air gradually choke the breathing tubes and finally affect the lungs.

For this reason every man who works in the mines should take a spoonful of Scott's Emulsion after meals, because it peculiarly benefits the breathing tract and soothes the irritated membranes, while its pure cod liver oil improves the blood, strengthens the throat and fortifies the lungs.

Scott's Emulsion is helping so many men suffering from Miners' Asthma that you should try it at once. It is Nature's strengthening food-tonic, free from alcohol or harmful drugs. Your druggist has it. Always insist on the genuine Scott's Emulsion.

MANNIKIN 2000 YEARS OLD DISCOVERED

Here is the oldest American antique known, a stone mannikin dating from 100 B. C., and found by a Mexican peon ploughing his fields in the district of San Andres, Tuxtla. It is of conical shape, in jade or nephrite, about six and a half inches in height and three and three-quarter inches in diameter at the base. On it are carved the glyphs or symbolical figures

which were the writing of the ancient Mexicans, and by means of which they recorded in stone the history of their race and achievements. But they give no clue to what this figure represents. With the upper part of the head of a man, it combines the bill of a bird and wings cover its sides. It is an idol probably of those ancient people whose forms of worship are still unknown.
